Narrative:

[PO 115] BORTHWICK AVE

I received a call from the office of the secretary of state reporting that they had received written communication from a city resident concerned with a female that was currently at the hospital.

the letter states...I, D.S. do testifying this 22nd day of August in the year of our Lord and Savior Jesus Christ 2023 that and approximately 10:45 a.m. this morning I volunteer visited a patient in room

at Portsmouth Regional Hospital whose name is K.A. and she was emotionally

distraught sobbing and crying regarding her personal situation being in the hospital. I tried to console her as best I could and listened to her regarding

the abuses that she had received by her own hand regarding consumption of alcohol. While we were

conversing she received a call on her cell phone and I could hear a man's voice yelling at

her over the phone telling her how angry he was and asking her what she was telling people. She

angry he was and asking her what she was terring people. She told him that she was in

conversation with me and asked him to call her back shortly thereafter in a few minutes. After

was in recovery and/or receiving help and she indicated that he was not. She continued crying

and sobbing and I stayed with her at length and made suggestions for her to seek professional

help and to pray to God for guidance and direction on how to proceed in life in stressful and

turbulent situations and experiences and to keep asking for help. I feel she is in danger of her

life from her brother and would be best served to be cared for in a safe place for individuals who

have been in similar situations and have found relief of some sort. I testify this in the name of Jesus Christ, Amen.

If you would please kindly forward this to the proper authority, your doing so will be greatly appreciated for sure.
