

ADDENDUM #2  
November 6, 2009  
RFP # 22-10  
Request for Proposals  
Engineering & Design Services  
Peirce Island Trails

**This Addendum forms part of the original document marked: RFP #22-10 Engineering & Design Services – Peirce Island Trails.**

The following questions have been asked and answered.  
The questions are in bold and the answers are italicized.

**Question #1: Is there a public input component?**

*A: No*

**Question #2: Is the design of the waterfront overlook contemplated in the Master Plan part of the services requested in the RFP?**

*A: No.*

**Question #3: The location of the new trail to the waterfront shown on the plan may not be the optimal location in the field. In order to best target survey resources, how would the City like to address this?**

*A: Consultant is expected to flag the layout for what they consider the optimal location for the trail and then conduct a site walk with City representatives, with the City signing off on the precise location prior to survey work being completed.*

Please acknowledge receipt of this addendum within your proposal, failure to do so may subject a proposer to disqualification.
