ADDENDUM NUMBER 2

Bid #33-17

Outer Islington Street Improvements

Issued January 31, 2017

The addendum forms part of the original document marked: Bid #33-17 Outer Islington Street Improvements. Acknowledge this addendum within your proposal. Failure to do so may subject bidder to disqualification.

The following questions have been asked and answered:

Question 1: Prior to Addendum #1, Pay Item 1010.2 – Asphalt Cement Adjustment had a stipulated price of \$2,000.00. On the new bid tab form, this item does not have a stipulated price. Should it still be \$2,000.00.

Answer: Yes, Pay Item 1010.2 shall have a stipulated price of \$2,000.00. Attached is a revised Bid Tab (Proposal form).

Question 2: Specifications call for the contractor to purchase manhole frames and covers at cost, what is the cost?

Answer: Only Sewer Manholes are required to be purchased through the City of Portsmouth at cost. In Alt-Option #1, Pay Item 660.2 is an allowance for the purchase, each frame and cover is \$775.00. The contractor shall include the cost of installing and adjusting the frames into Pay Items 660.1A & 660.1B respectively.

Question 3: Per drawings C-6, the utility trench detail, Note #1 – Is it the City's intent to temporarily patch the utility trenches?

Answer: Temporary asphalt patching is to be subsidiary to the pipe and structure pay items. The City will allow for daily activities to be backfilled to grade to an acceptable condition for traffic use. The contractor will be responsible for daily dust control, through water, calcium and sweeping at the discretion of the engineer. A 2" thick temporary asphalt patch will be required every Friday and before any big rain event. The roadway will be required to be smooth and safe for traffic each night.

End of Addendum #2

PROPOSAL FORM

Outer Islington Street Improvements

CITY OF PORTSMOUTH, N.H.

To the City of Portsmouth, New Hampshire, herein called the Owner.

The undersigned, as Bidder, herein referred to as singular and masculine declares as follows:

1. All interested in the Bid as Principals are named herein.
2. This bid is not made jointly, or in conjunction, cooperation or collusion with any other person, firm, corporation, or other legal entity;
3. No officer, agent or employee of the Owner is directly or indirectly interested in this Bid.
4. The bidder has carefully examined the sites of the proposed work and fully informed and satisfied himself as to the conditions there existing, the character and requirements of the proposed work, the difficulties attendant upon its execution and the accuracy of all estimated quantities stated in this Bid, and the bidder has carefully read and examined the Drawings, Agreement, Specifications and other Contract Documents therein referred to and knows and understands the terms and provisions thereof;
5. The bidder understands that the quantities of work calculated in the Bid or indicated on the Drawings or in the Specifications or other Contract Documents are approximate and are subject to increase or decrease or deletion as deemed necessary by the Director of Public Works. Any such changes will not result in or be justification for any penalty or increase in contract prices; and agrees that, if the Bid is accepted the bidder will contract with the Owner, as provided in the Contract Documents, this Bid Form being part of said Contract Documents, and that the bidder will supply or perform all labor, services, plant, machinery, apparatus, appliances, tools, supplies and all other activities required by the Contract Documents in the manner and within the time therein set forth, and that the bidder will take in full payment therefore the following item prices, to wit:

To Bidder:

The City reserves the right, after bid opening and prior to award of the contract, to modify the amount of the work in the event that bids exceed budgeted amounts and/or easements and agreements from one or more impacted property owners are not received.

It is the intention of this contract that the items listed above describe completely and thoroughly the entirety of the work as shown on the plans and as described in the specifications. All other items required to accomplish the above items are considered to be subsidiary work, unless shown as a pay item.
