

ADDENDUM NUMBER 1:
Lafayette Road Pump Station Upgrade RFP #68-14

Issued: June 16, 2014

This Addendum forms part of the original document marked: **RFP #68-14 Request for Proposal Design Engineering Services New Castle Water Line Improvements**

A. Available Information:

The 2013 Water System Master Plan was updated on the City's web site to include schematics. It was also distributed by email to attendees at the meeting.

The water system hydraulic model was distributed by email after the meeting to attendees.

B. Project Background/Purpose:

Page 2, Item 1, revise the number "11" to the number "7".

C. Scope of Work and Schedule:

Preliminary Design scope of work should include identification of all natural resource and other related permitting required for the recommended and selected alternatives.

D. Man-Hour Level of Effort:

Consultant's man-hour level of effort shall be for the Preliminary Design phase of the project and shall include design related subconsultants (e.g. geotechnical, etc.). Field services do not need to be included (e.g. survey, borings, etc.) in the man-hour level of effort.

E. Additional Information:

All questions shall be submitted to Terry Desmarais, City Engineer, by 4:30 PM on June 20, 2014.

F. Non-Mandatory Pre-Bid Sign in Sheet

See attached Sign in Sheet from the Non-mandatory Pre-proposal Meeting.

Please acknowledge receipt of this addendum within your proposal. Failure to do so may subject a bidder to disqualification.

End of Addendum #1
