

CITY OF PORTSMOUTH

UPDATE from the City Manager for Tuesday, March 31, 2020

Governor Sununu's Stay At Home order is in effect, through May 4, 2020.

Stay-At-Home is working! Keep looking out for each other! Our physical-separation efforts seem to be helping, so far. PLEASE continue as we do our part to flatten the curve.

Thank you, Portsmouth! The Portsmouth Fire Department reports that the community was very generous in its donations of PPE and other needed emergency supplies during last week's collection drive. The donated items are invaluable in keeping Portsmouth's First Responders safe as they continue their work in the face of the COVID-19 emergency.

REMINDER: PLEASE tell first responders if anyone in your household is quarantined due to COVID-19 if you need contact with the Fire Department, Police Department or other emergency services. If they are not wearing personal protective equipment when they are exposed, they must self-quarantine for 14 days. No exceptions. That reduces the force available to respond to emergencies.

NEW:

The US Postal Service continues to operate, with some modifications to reduce health risks on both sides of the counter:

- At the Heritage Avenue post office location, residents will notice several adaptations: there are clear shower curtains up as a form of "window" between customers and USPS personnel and there are 6' distances marked in tape to separate those waiting in line.
- Temporary modifications to the customer signature capture procedures: While maintaining a safe, appropriate distance, employees will request the customer's first initial and last name so that the employee can enter the information on the electronic screen.
- For increased safety with mail delivery to homes and businesses, employees will ask the customer to step back a safe distance or close the door so that they may leave the item in the mail receptacle or appropriate location by the customer door.

We echo the USPS when they say, "We are proud of the work USPS employees play in processing, transporting and delivering mail and packages for the American public, which is a vital public service that is a part of this nation's critical infrastructure."

Clap Because We Care – Friday, April 3, 2020 at 7 pm

Tomorrow, Wednesday, for teachers, is devoted to online collaborations for support, planning and building consistent expectations for students in this remote environment.

Starting April 8: Enrichment Wednesdays. The Schools' Unified Arts staff is planning enrichment opportunities in the arts, physical education and more, for students at all grade levels. Not required for students, but highly encouraged. Each building will be sending out information on how students can access these opportunities.

School counselors remain available for support to students who are struggling emotionally or in other ways.

The recycling center is open and staffed to allow just a few vehicles at a time for physical-distancing.

• Per the Governor's order, the recycling center will take CHECKS ONLY (no cash) for the regular fees charged for disposal of the following items:

- \$ 5 per tire
- \$10 per electronic unit
- \$20 per freon containing unit (i.e. refrigerators, air conditioners)

Trash pickup is on the normal schedule and yard waste pickups have also begun but may be limited by the availability of workers and trucks.

Trees & Greenery invites you to participate in the City's [Adopt-A-Spot Program](#) -- a great family project you can do while staying 6 feet part.

PARKING: The Portsmouth City Council voted to enact Free Parking through April 6, 2020. **On-street and public garage parking fees are suspended. Patrons with monthly parking contracts in the garages are receiving e a 75% credit to their accounts for the free-parking period.** Should the Council decide to extend the Free Parking, further adjustments to monthly parking fees will be made at that time.

Unless you are planning to cancel your parking for a reason unrelated to COVID-19, please keep your account active by paying 25% of April fees at the normal April payment deadline. Should the Parking Holiday be extended by order of City Council, further credits will be applied to May billings. Payments can be dropped off at either Garage Office, or in the gray box in front of City Hall.

The city is still enforcing time limits and safety/loading-zone-type parking restrictions. One of the goals is to keep spaces free around restaurants offering takeout services.

STAY SAFE!

Don't congregate. Get outside. Enjoy some fresh air. Just keep your distance. Portsmouth's open space parks and trails are open, but ballfields, basketball courts and playgrounds are NOT. The locks on the gates are there for the protection of all. Remember that you might unknowingly bring COVID-19 back into your house, putting everyone at risk.

Remember to wipe down your cellphones when you're sanitizing surfaces. They're in constant use, connecting hands and face.

And advice from a Boston physician:

- Eliminate play dates, even "1 on 1"
- Eliminate small gatherings, including meetings "between a few families."
- Avoid climbing gyms, restaurants, movie theaters, anything in an enclosed area. Many of these places are advertising increased cleaning and hygiene. This is not sufficient! Do not go.
- Cancel planned vacations for the next month and avoiding airline travel.
- Stay at home as much as possible. They also advise working from home if possible and when you do have to go out to buy groceries or medicine "make the trips quick and purposeful."
- Wash your hands thoroughly for 20 seconds after you've been in public places.
