**NEW! \$300 UNEMPLOYMENT BENEFIT --** Through an agreement between the State of New Hampshire and FEMA resulting from the August 8 Executive Order of the President FEMA will be providing **\$300 per week for each eligible person filing for unemployment benefits, starting at the beginning of September.**

Initially, per Federal requirement, this benefit will only be available for those people filing for unemployment benefits that have been impacted by COVID-19 that have a weekly benefit amount of at least \$100.

In order to qualify for this new benefit you need to be eligible for unemployment benefits from either the state or federal unemployment programs administered by the department. You will also need to be able to certify when asked by the department that you are unemployed due to disruptions caused by COVID-19. For more information, [click here](https://www.unemploymentbenefits.nh.gov/new-300-benefit). <https://www.unemploymentbenefits.nh.gov/new-300-benefit>

**NOW OPEN! VOTING CENTER IN COUNCIL CHAMBERS IN CITY HALL --** The Absentee Ballot process is now open for the fall 2020 Election Season and Absentee Ballots are now available for the September 8 NH Primary election from the Portsmouth City Clerk. To assist residents with what is expected to be high demand for absentee voting due to COVID-19, the City Clerk's Office has set up a Voting Center in Council Chambers at City Hall. The Voting Center is open during regular City Hall hours (Mon, 8 am – 6 pm; Tues-Thurs, 8 am – 4:30 pm; Fri, 8 am – 1 pm) from Tuesday, August 25 through November 2. Residents can visit the Voting Center to:

- Register to vote
- Complete an application for absentee ballots (check the box on the application to receive absentee ballots for both the September 8 NH Primary and the November 3 General Election).
- Receive and complete an absentee ballot for the NH Primary.
- When they are available – late September/early October – receive and complete an absentee ballot for the General Election.

There are four simple steps to vote by absentee ballot in the September 8 NH Primary and/or the November 3 General Election:

1. Make sure you are registered to vote.
2. Determine your eligibility to vote absentee.
3. Complete and return an application for Absentee Ballot(s) (one application form may be used for both the Primary and General Election).
4. Complete and return the Absentee Ballot.

NH Secretary of State Bill Gardner has created a brochure explaining the requirements to register to vote and cast an absentee ballot in New Hampshire. <https://sos.nh.gov/media/nx2023fs/final-mailer-for-website.pdf>

**DPW WATER DEPARTMENT ASKS RESIDENTS TO RESTRICT WATER USE –** This past May, the state activated its Drought Management Task Force; and last week elevated New Hampshire's drought conditions in the Seacoast area from Moderate to Severe Drought (D2) conditions. The Seacoast has received only 8 inches of precipitation since the beginning of May, compared to the 14-inch average usually experienced in that time. The Drought Management Task Force has advised public water systems including Portsmouth's to implement outdoor

water use restrictions where needed. **Therefore, the City of Portsmouth is encouraging Voluntary Water Use Restrictions. Portsmouth water customers are asked to voluntarily restrict their use of water for outdoor irrigation, to be as efficient as possible and to refrain from outdoor watering between the hours of 10 am and 6 pm.**

**CITY WELFARE DEPT. ASKS FOR DONATIONS OF SCHOOL SUPPLIES** -- Since 2006, the Welfare Department has collected back-to-school supplies for area children in need, Pre-K to post-grad. To minimize physical interactions, the Welfare Department **suggests donors might consider supplying gift cards instead of supplies. These can be mailed, left in the gray drop box in front of City Hall or, dropped off with the receptionist.** Please contact Ellen Tully, 610-7267, [etully@cityofportsmouth.com](mailto:etully@cityofportsmouth.com) with any questions or concerns. **MAPLEWOOD AVE SIGNAL CHANGES WHEN FINAL EQUIPMENT IS INSTALLED** – The upgrade to the traffic signals at three intersections along Maplewood Avenue (Deer Street, Hanover Street and Congress Street) will be completed soon. The signal upgrade provides the following benefits:

- Improves pedestrian access to and from the Foundry Parking Garage
- Complies with ADA accessibility requirements for pedestrian traffic signals
- Shortens pedestrian wait times by up to 80 seconds
- Improves traffic flow, shortening the wait-time for stopped traffic by 30 seconds
- Reduces the number of pedestrians crossing against the signal (jaywalking)
- Helps reduce delays caused by the closure of a lane on Congress Street to allow for outdoor dining.

Previously, all traffic was stopped and pedestrians could cross in all directions while the pedestrian signal was displayed. **The new signal reduces the wait time for traffic and pedestrians, allowing pedestrians to move with the traffic that has a green light and to cross where traffic is stopped for a red light.** Turning traffic will be required to yield to pedestrians in the crosswalk. The new signals will also hold traffic on a red

light while allowing pedestrians to proceed to make them more visible to motorists before any vehicles start to turn. This change eliminates the diagonal crosswalks at the Congress/Middle Street intersection, as they are no longer needed.
