

Bill	Title	Status (4/3/2024)	Committee	Analysis
CACR14	Relating to the environment and natural resources. Providing that the state shall maintain and improve a clean and healthful environment for present and future generations.	Inexpedient to Legislate	Environment and Agriculture	This constitutional amendment concurrent resolution would require the state to maintain a clean and healthful environment and protect New Hampshire's natural resources.
HB 186	Relative to waivers for alternative sewage disposal systems.	Inexpedient to Legislate	Resources, Recreation and Development	This bill requires the approval of waivers for alternative sewage disposal systems that meet required standards.
HB 212-FN-A	Appropriating funding for investigations, testing, and monitoring relative to per- and polyfluoroalkyl substances.	Inexpedient to Legislate	Resources, Recreation and Development	This bill: I. Changes the name of the PFAS loan fund to the PFAS response fund. II. Adds duties to the department of environmental services relative to investigating, testing, and monitoring for PFAS in soil, groundwater, surface water, wastewater, air, biota, and other media. III. Makes an appropriation to the PFAS response fund.
HB 242-FN	Relative to banning PFAS in food packaging.	Interim Study	Commerce and Consumer Affairs	This bill bans the use of food packaging containing perfluoroalkyl and polyfluoroalkyl substances (PFAS).
HB 300-FN	Prohibiting the disposal of certain food waste.	Inexpedient to Legislate	Environment and Agriculture	This bill defines food waste and prohibits its disposal in certain circumstances.

HB 326-FN	Prohibiting the use of second generation anticoagulant rodenticides.	Inexpedient to Legislate	Environment and Agriculture	This bill prohibits the use of second generation anticoagulant rodenticides, except in certain cases.
HB 398	Title: (New Title) relative to notice of PFAS contamination prior to the sale of real property.	OTPA VV in House; referred to Senate Commerce; amended in Senate; OTPA VV in Senate; House Concurs with Senate Amendment; to Governor for signature	Resources, Recreation and Development	This bill requires certain notice by the seller or the seller's agent of PFAS and other groundwater contamination prior to the sale of real property.
HB 414-FN	Title: relative to health insurance coverage for preventative PFAS care.	Inexpedient to Legislate	Commerce and Consumer Affairs	This bill requires insurance coverage for preventative PFAS care.
HB 462-FN-A	Making an appropriation to the solid waste management fund and targeting food waste reduction and diversion.	Inexpedient to Legislate	Environment and Agriculture	This bill makes an appropriation to the solid waste management fund and targets food waste reduction and diversion.
HB 602	Relative to landfill siting.	OTPA VV in House; referred to Senate Energy and Natural Resources; Referred to Interim Study by Senate VV	Environment and Agriculture	This bill establishes additional requirements for siting of landfills as permitted by the department of environmental services.

HB 641-FN	Relative to clearance inspections following identification of a lead exposure hazard.	Inexpedient to Legislate	Judiciary	This bill requires that a lead clearance inspection report be provided to the property owner and department of health and human services within 30 days of receipt of the sample or upon receipt of payment for the inspection, whichever is earlier.
HB 1068	Relative to establishing a blood lead level testing requirement for children entering day care and public schools.	Inexpedient to Legislate	Health, Human Services and Elderly Affairs	This bill establishes a blood lead level testing requirement for children entering day care and public schools.
HB 1089	Title: relative to the statute of limitations on civil actions involving PFAS.	Interim Study	Judiciary	This bill removes the statute of limitations for civil actions for damages resulting from a PFAS exposure.
HB 1103-FN	Relative to revising the penalties of the shoreland protection act.	OTP VV In House; referred to Senate Energy and Natural Resources; OTPA Senate VV; to Governor for signature	Resources, Recreation and Development	This bill revises the penalties of the shoreland protection act.
HB 1113	Relative to shoreland septic systems.	OTP VV In House; referred to Senate Energy and Natural Resources; OTP Senate VV; to Governor for signature	Resources, Recreation and Development	This bill modifies requirements for site assessment studies of shoreland septic systems.

HB 1114	Extending the commission to investigate and analyze the environmental and public health impacts relating to releases of perfluorinated chemicals in the air, soil, and groundwater in Merrimack, Bedford, Londonderry, and Litchfield.	OTP VV In House; referred to Senate Energy and Natural Resources; OTP in Committee 4-0; passed in Senate; to Governor for signature	Resources, Recreation and Development	This bill extends for 5 years the commission to investigate and analyze the environmental and public health impacts relating to releases of perfluorinated chemicals in the air, soil, and groundwater in Merrimack, Bedford, Londonderry, and Litchfield.
HB 1132	Relative to permits for the siting of new landfills.	Inexpedient to Legislate	Resources, Recreation and Development	This bill requires persons siting new solid waste landfills to identify brownfields within the state that may serve as the site of a new solid waste landfill as part of the public benefit requirement analysis.
HB 1139	Relative to location of conventional septic systems relative to the seasonal high water table.	OTP VV In House; referred to Senate Energy and Natural Resources; OTP Senate VV; to Governor for signature	Resources, Recreation and Development	This bill allows the use of stone and pipe and concrete chamber septic systems to be used on properties with seasonal high water tables.
HB 1140	Relative to requirements for homeowner installations of septic systems.	OTPA VV; OTP in Senate; to Governor for signature	Resources, Recreation and Development	This bill enables a homeowner to install a replacement waste disposal system in their own domicile without a permit.

HB 1141	Relative to requirements for approval to increase load on a sewage disposal system.	OTP VV In House; referred to Senate Energy and Natural Resources; OTP Senate VV; to Governor for signature	Resources, Recreation and Development	This bill makes provisions for obtaining approval to increase load on a sewage disposal system.
HB 1143	Including control of cyanobacteria blooms under the New Hampshire clean lakes program.	OTPA VV In House; referred to Senate Energy and Natural Resources; OTP Senate VV; to Governor for signature	Resources, Recreation and Development	This bill requires the department of environmental services to provide remedial actions for cyanobacteria blooms under the New Hampshire clean lakes program.
HB 1145-FN	Prohibiting the private ownership of landfills.	OTPA 208-162; referred to Senate Energy and Natural Resources; referred to Interim Study VV	Environment and Agriculture	This bill prohibits new solid waste landfill permits in the state for facilities owned by any person other than the state of New Hampshire or a political subdivision thereof.
HB 1170-FN	Requiring public benefit and community impact assessments from the department of environmental services.	Interim Study	Environment and Agriculture	This bill requires the department of environmental services to conduct public benefit and community impact assessments w
HB 1221	Relative to including solid waste landfills in the definition of development of regional impact.	OTPA VV; referred to Senate Energy and Natural Resources; Senate OTPA; to Governor for signature	Environment and Agriculture	This bill includes solid waste landfills in the definition of development of regional impact, for review by local land use boards.

HB 1268	Relative to prohibiting the issuance of large groundwater withdrawal permits for the commercial sale of bottled or bulk water.	Inexpedient to Legislate	Resources, Recreation and Development	This bill prohibits the issuance of large groundwater withdrawal permits for the commercial sale of bottled or bulk water.
HB 1293-FN	Relative to prohibiting the use of certain fertilizers using phosphorus.	OTP VV; referred to Senate Energy and Natural Resources; OTP Senate VV; to Governor for signature	Resources, Recreation and Development	This bill prohibits the use of certain fertilizers using phosphorus.
HB 1294-FN	AN ACT establishing a committee to study ways to facilitate municipal compliance with Clean Water Act requirements	OTPA VV; referred to Senate Energy and Natural Resources; ITL Senate VV	Environment and Agriculture	This bill establishes a committee to study ways to facilitate municipal compliance with Clean Water Act requirements.
HB 1326-FN	Relative to notification processes for large groundwater withdrawal applications.	Inexpedient to Legislate	Resources, Recreation and Development	This bill requires notice of a public meeting requested during the consideration of an application for a large groundwater withdrawal.
HB 1386-FN	Relative to prohibiting the disposal of lithium-ion batteries in solid waste landfill facilities, composting facilities, or incinerators.	OTPA VV; referred to Senate Energy and Natural Resources; OTPA Senate VV; to Governor for signature	Resources, Recreation and Development	This bill prohibits the disposal of lithium-ion batteries.
HB 1415	Relative to PFAS facility liability.	OTP VV; referred to Senate Judiciary; OTP in Committee; OTP in Senate; to Governor for signature	Resources, Recreation and Development	This bill provides for perfluoroalkyls (PFAS) facility liability for contaminations of groundwater quality standards according to federal regulations.

HB 1477-FN	Relative to environmental surety bonds for businesses that pose a significant risk to the state's natural resources.	Inexpedient to Legislate	Resources, Recreation and Development	This bill directs the commissioner to develop a program requiring environmental surety bonds for businesses that pose a significant risk to the state's natural resources.
HB 1483	allowing subdivision regulations concerning water supply.	Interim Study	Resources, Recreation and Development	This bill allows adoption of subdivision regulations to require water supply studies, determination of adequate water quantity for reasonably anticipated future water uses, and minimum on-lot private well testing requirements, and clarifies the applicants duty to pay associated costs.
HB 1490	Relative to the solid waste management act.	OTPA VV; OTP in Senate; to Governor for signature	Environment and Agriculture	This bill makes various changes to the solid waste management act.
HB 1613-FN	Establishing a trust fund for money from soil and water environmental contamination court settlements.	OTPA VV; referred to Senate Ways and Means; amended and passed in committee 5-0; OTPA Senate VV; to Governor for signature	Ways and Means	This bill establishes a trust fund for money from soil and water environmental contamination court settlements.
HB 1620-FN	Relative to suspending the issuance of new landfill permits until 2031.	OTPA VV; referred to Senate Energy and Natural Resources; ITL Senate VV	Environment and Agriculture	This bill requires the suspension of approval of new landfill permits by the department of environmental services until 2031.

HB 1632-FN	Relative to out-of-state solid waste.	OTPA VV; referred to Senate Energy and Natural Resources; Senate ITL VV	Resources, Recreation and Development	This bill prohibits newly permitted solid waste facilities from accepting more than 15 percent of solid waste transported from out-of-state.
HB 1649 -FN	Title: relative to prohibiting certain products with intentionally added PFAS and relative to settlement of lawsuits against manufacturers of PFAS for impacts to public drinking water systems.	OTPA in House; referred to Senate Energy and Natural Resources; OTP 5-0 in Committee; OTP Senate VV; to Governor for signature	Commerce and Consumer Affairs	This bill restricts the use of per and polyfluoroalkyl substances in certain consumer products sold in New Hampshire. The bill also makes appropriations to the department of environmental services to fund an additional position and to fund the PFAS products control program. The bill further provides that funds received by the state in settlement of PFAS litigation will be deposited in the drinking water and groundwater trust fund and used to provide grants and loans to public water systems whose water sources have been impacted by PFAS above applicable standards.

HB 1687	Relative to disposal of construction and demolition debris from state construction projects.	OTPA VV; referred to Senate Energy and Natural Resources; ITL Senate VV	Resources, Recreation and Development	This bill provides that state construction contracts include a requirement that hazardous waste be separated from construction and demolition debris at the construction site, prior to transport to a recycling facility.
HB 1707-FN	Title: relative to liability for the cost of PFAS blood testing.	Inexpedient to Legislate	Resources, Recreation and Development	This bill provides that any person who owns or operates a PFAS facility where a release of PFAS has resulted in total combined concentrations of PFAS in groundwater or surface water of a specified amount shall be strictly liable for the costs of blood tests for affected individuals.
HR 28	Title: urging for the compensation for injuries from PFAS and for the closure and cleaning of sites affected by PFAS.	OTPA	Resources, Recreation and Development	This resolution urges for the compensation for injuries from PFAS and for the closure and cleaning of sites affected by PFAS.

SB 267	Requiring the commissioner of the department of environmental services to consider "cumulative impacts analysis" in rules and statutes.	OTPA in Senate; ITL 189-188 in House	Resources, Recreation and Development	This bill requires the commissioner of the department of environmental services to review certain existing statutes and make a report to the legislature about "cumulative impacts analysis." This bill also requires the department of environmental services to hire a person to reviewing and planning for the development of appropriate definitions and standards as it relates to cumulative impact in the permitting of facilities and makes an appropriation to the department for this purpose.
SB 301	relative to establishing a committee to study the possibility of placing a desalination plant on the seacoast.	OTPA in Senate; referred to Resources, Recreation and Development; ITL House VV	Senate Energy and Natural Resources	This bill creates a committee to study the possibility of putting a desalination plant on the seacoast.
SB 329	relative to background checks of certain persons associated with solid waste management	OTP in Senate; referred to House Environment and Agriculture; OTP House VV; signed by governor into law	Senate Energy and Natural Resources	This bill enables the department of environmental services to request the attorney general perform a background check on certain persons associated with solid waste facility permit applicants.

SB 392-FN-A	Relative to lead paint hazard remediation.	OTP in Committee; Tabled in Senate	Senate Finance	This bill makes an appropriation to the lead paint hazard remediation fund.
SB 393-FN	Relative to making an appropriation to the department of environmental services to fund regional drinking water infrastructure	OTPA Senate VV referred to House Finance; Amended and passed OTPA in Senate; Amended and passed in House; to Governor for signature	Senate Finance	This bill makes an appropriation to the department of environmental services for the funding of regional drinking water infrastructure as part of Phase 2 of the Southern New Hampshire Regional Water Project to increase water supply to multiple towns impacted by PFAS contamination and growing water demands.
SB 399-FN	Relative to insurance coverage for blood testing associated with elevated lead levels.	OTPA Senate VV; OTP 18-0 in House Commerce and Consumer Affairs; OTP in House; to Governor for signature	Senate Health and Human Services	This bill provides that health insurance coverage for blood lead testing shall not be subject to a co-payment, deductible, or coinsurance. The bill also requires coverage for follow-up blood testing that is necessary to complete the preventive screening when the initial blood testing indicates an elevated blood lead level or is inconclusive.

SB 413-FN	relative to civil actions for PFAS contamination.	OTPA Senate VV; amended in House to include non-germaine landlord tenant provisions; OTPA House 188-178; Senate nonconcurrs with House changes, killing the bill	Senate Judiciary	This bill creates a civil action for certain PFAS contamination.
SB 589	relative to wastewater surcharges	OTPA in Senate; referred to Resources, Recreation and Development; OTPA House VV; to Governor for signature	Senate Energy and Natural Resources	This bill enables the collection of a limited surcharge on certain wastewater services.
